VISION

SUNGO working in partnership with Government to promote and facilitate unified sustainable development and quality of life for the people of Samoa

MISSION

Umbrella Organisation for Samoan NGOs providing information, access to programmes, opportunities, and advocacy

Annual General Meeting 2009 elects new Executive Council

The Samoa Umbrella for Non Governmental Organisations (SUNGO) held its Annual General Meeting (AGM) on Thursday 17th December 2009 at the Featuolemoana Hall, Mulivai where its Audited Financial Accounts for the year 2008-2009 including the annual Budget and Work Plan for the year 2009-2010 were tabled and approved by its members. More than 50 member organisations with two to three representatives per organisation attended the AGM. Members came from the urban and rural areas in both Upolu and Savaii. They assessed

the progress to date of SUNGO members' developments and made decisions in the future direction of SUNGO in relation to achieving its Vision and Mission in its Strategic Plan 2006-2011.

The SUNGO members elected a new Executive Council to govern the organisation for the next two year period. It is evident that the members were satisfied with the performance of its previous Executive and except for one who was off island; the rest of the previous SUNGO Executive was re-elected for another term.

Hence, the leadership and resource support of the Ministry of Health through the SWAp Program is hereby gratefully acknowledged.

Peace Boat Mission from Japan

Promotion of peace and harmony in our country and abroad is one of the core roles in its advocacy work. In line with this role, is the initiative to work in partnership with the Peace Boat Non Governmental Organisation (NGO) from Japan which will be arriving in Samoa on the 29th November 2009

The Peace Boat has visited around the world and they have also reached our shores to share with our people their mission and work in promotion of world peace internationally. The ship brought on board the ten atomic bomb survivors from the World War 2 in 1945. They met with SUNGO Executive and members to share,

promote and lobby for world peace in the Pacific. Peace Boat NGO are working to promote peace, human rights, equal and sustainable development and respect for the environment, they also seeking to prepare and take actions based on effected social and political change around the world.

Peace Boat also carries out their activities through a chattered passenger's ship that travels the world on peace voyages. It creates a neutral, mobile space and enables people to engage across borders in dialogue and mutual cooperation at sea.

SUNGO was pleased to work with them through planning and organisation of the visit with their Coordinating team.

Police consultation for non governmental and community based

In the process of developing a new Corporate Plan 2011-2013 for the Ministry of Police and Prisons, members NGOs including SUNGO were invited by the Ministry to consult view on to the force", she said". "Our culture can bring the current performance and service delivery of the Ministry to better determine the future policing service delivery and an improved strategic direction for the next 3 years in the force. SUNGOs re-elected National President Vaasiliifiti Moelagi Jackson for the next 2 years for a transparent way forward in the Corporate Plan for the Ministry. One of her major input to the consultation was the Samoan culture be-

cause it plays a vital role in ensuring the police force work was and is safeguarded. "However, it can be both an advantage and disadvantage of the Ministry to better determine the future occurs when we abuse our culture. Vaasiliifiti expressed how pleased she was with the community wide approach set by the Ministry of Police to thoroughly seek the views of the community groups and let their views and concerns be heard for a safer Samoa as outlined in their vision.

Say No to Violence Against Women and Children

A 16 Days of Activism of No Violence against Women and Children is a United Nation Campaign. It takes place annually from the 15th November (International Day for No Violence Against Women) to the 10th December (International Day for Human Rights). This event is celebrated worldwide to increase the awareness of people on the negative impact of violence against women and children as well as the society as a whole. Mapusaga o Aiga has been advocating to stop violence against women. Part of this campaign was a movie night at the Magik Cinemas featuring "The Stepfather Movie". When asked to the Organ-

ising Committee why they chose the movie to be the theme for 2009. Family Haven CEO Salanieta stated that the movie portrayed such violence against women and watching this movie will help people understand that violence is not an answer to any problems with families, churches and our community. She believes MOA will continue to lobby for the non violence against women as it is the core service of their organisation.

Please contact MOA on 26740 and ask them about their programmes and membership.

16 Days of Activism

NZ Aid introduced their new Manager

NZ Aid being the core funder for SUNGO, the organisation generously acknowledge with great appreciation the help and support of former NZ Aid Manager Helen Leslie through her time in Samoa. She worked hand in hand with many NGOs funded under the NSF Programme including SUNGO and her commitment and passion to many NGO activities have contributed a

lot to the development of NGOs in Samoa and the Pacific. We also would like to welcome on board the new NZAid Manager Peter Zwat. We look forward to working with you and continuing to improve the relationship between the Government of New Zealand with the donor funding available to fund the activities of NGOs annually. All the best for 2010

Reviving SUNGO's inactive membership in the rural areas.

A continuous problem faced by SUNGO with its inactive membership of more than 50 % has enabled the organisation to deal with it through initiating a strategy of data collection visit. The purpose of the visit is to maximise the engagement of rural based members to participate in SUNGO's annual activities regularly. Also it was a visit to encourage members in person to identify their training needs in areas that need capacity development and update of contact information to generate the flow of information and communications within the networks of the organisation. One of SUNGO's long serving members from the Sosaiete Atinae at Fogatuli, Savaii Afualo Niue that its very encouraging to see people from SUNGO visit them and keep them in the loop of what is going on with the organisation. He further said that with the continuous loss of communications with the organisation over the years have discouraged them to participate in the organisations activities. With Sosaiete Atinae Fogatuli's revival for the year 2010 and three other inactive members have confirmed the importance of site visits to members on regular basis.

Samoa's Psycho Social Response involved mem-

A psycho social report was tabled to all stakeholders involved in the response to the psycho social needs of those affected by the devastated tsunami at the end of July 2009. Beforehand, SUNGO and member NGOs have participated well in rendering their support in response to the Samoa Disaster Plan 2006-2009 with the integral set up of the Samoa Psycho social needs. Members of these team consist of NGO representatives and were allocated to go out to the villages mainly at the South West Coast, South Coast and East Coast of Upolu Island to assess the level of psychological needs of the victims and refer them to the most appropriate counselling help they need.

SUNGO Training Programme for Financial year 2010 has been a great year with the high response of Training Needs Analysis Forms total to 40 received from SUNGO members. The dramatic increase from the 17 as of 2009 occurred due to site visits being newly carried out by SUNGO staff to SUNGO members scattered in both Upolu and Savaii.

gaged with SUNGOs training programme, quality information have assisted in writing proposals to Training Providers mainly the In Country Training Programme (ICTP) funded by NZ Aid

and AUSAid and increasing the scope of training pro-

Board Retreat to strengthen a new direction for SUNGO

The election of new office bearers for the organisation (SUNGO) requires the retreat to give a clear indication of board roles to strengthen the organisation in the long run. At the same time, the operational management of the office is in line with the overall direction of the board to make SUNGO a stronger umbrella network of NGOs and CBOs to achieve its overall goal of improving the livelihood of the people of Samoa.

According to SUNGO CEO, Roina Vavatau she stated that the Retreat gave her an opportunity to gather the strategic way forward of SUNGO from the Executive Council Members. Given the small number of board members who were present at the retreat but it did not stop the discussions of important issues that were planned to be carried out for this years retreat to be implemented. A fair and true views of board members who were present at the retreat allowed more opportunities to improve the services provided by SUNGO for not only its members but for civil society as a whole.

A positive thinking session was also carried out by Paul Cowan and Peter Clark titled "Don't get mad" – get wise. This session was found very helpful by both board and staff to keep at being positive both at work and home. Apart from the burning issues that were discussed, a true and quality time was well enjoyed by all with the cool, fresh and inviting breeze of the Afiamalu beautiful environmental surroundings. The retreat was held at the Two Hearts Retreat Centre at Afiamalu on the 14-16th January 2010.

REMINDER

All non-members who wish to participate in SUNGO's training programs are required to pay a course fee of \$100 tala and members pay a course fee of \$50 tala, if interested in participating.
